# A Peony For Your Thoughts

We often find ourselves getting mesmerized by the beauty of flowers around us. It is their bright colors, therapeutic fragrance, and most importantly the life-giving nature that gives them their symbolic power and ultimately reminds us why they're so important to our everyday lives.

**1200 MM**

The Floreal Collection by Bonza is an ode to the beauty that flowers bring to our everyday lives. We have incorporated that beauty into our collection and have recreated the fragility and the freshness the flowers have to offer.
